**CHILD CARE CENTERS
LICENSING PROCESS**
Office Of Children And Adult Licensing
Michigan Department of Human Services

THE CHILD CARE LICENSING LAW

It is illegal in the State of Michigan to care for unrelated children in a group setting without being licensed. Act No. 116 of the Public Acts of 1973, as amended, and the Administrative Rules are the statutory base for the standards of child care centers in the State of Michigan. These are minimum standards by which programs are regulated. They do not guarantee high quality in child care. In signing the application you agree to comply with the Act and rules.

SITE SELECTION

A license is issued to a specific person or organization at a specific location. It is non-transferable and remains the property of the Department. Thus, an application to establish a child care center must be for a specific location. You may save time and money if (**before construction, purchase or lease of a building**) you:

- ~ Contact your local zoning board or other authority to obtain permission to operate a child care business. However, zoning approval is not a requirement of the licensing process.
- ~ Conduct a needs assessment or feasibility study to determine if you have chosen a viable location.
- ~ Contract with a qualified fire inspector for a fire safety assessment of your chosen site. The inspection will tell you if you need to make changes to the building. A listing of approved inspectors is enclosed.
- ~ New construction or renovation may require a plan review. (See below)

Program Director Qualifications - To qualify as a program director, you must have at least 18 semester hours in early childhood education or child development. Transcripts are used to verify a minimum of 60 semester hours of credit from an accredited college or university. A Child Development Associate (CDA) credential or a Montessori credential may be an acceptable educational substitute to a degree. In addition to specific educational requirements, you may be required to verify the number of hours of experience you have in a child care program. Submit this information with a cover letter identifying the name and address of the proposed facility.

FACILITY INSPECTIONS

Fire and environmental health inspections are required. It is your responsibility to make arrangements for initial and any follow-up inspections and pay for any fees charged for these inspections

FIRE SAFETY - Must be completed by a qualified fire safety inspector (list enclosed). For schools a report by the State Fire Marshal dated no earlier than 1973 is acceptable. The completed report is to be sent to the local licensing office.

ENVIRONMENTAL HEALTH - All original applications require an environmental health inspection. The Environmental Health Inspection Request is included in your application packet. Fees charged by the local health agency are your responsibility.

NEW CONSTRUCTION/RENOVATION/STRUCTURAL MODIFICATIONS

If you are constructing a new building, renovating a building, or making structural changes to an existing licensed building, inspections and approvals are required from the following prior to occupancy.

FIRE SAFETY - A plan review by the Office of Fire Safety is required. Contact your local licensing office.

ENVIRONMENTAL HEALTH - A plan review by the local health authority is generally required. Contact your local licensing office.

SUPPORTING DOCUMENTS, PLANS, AND POLICIES

When all application materials have been received and the environmental health and fire safety inspections completed, the licensing consultant will conduct an on-site inspection to assess compliance with all licensing rules. Technical assistance and consultation is provided. The following plans, policies, or documentation must be available for review per the rules indicated below:

LICENSING RECORD CLEARANCE REQUEST INSTRUCTIONS

There are four purposes to this form:

1. Produce a Department of State Police check regarding the possible existence of a conviction record.
2. Produce a Department of Human Services Central Files check regarding the possible existence of a substantiated child abuse or neglect record. **(For Child Day Care and Child Welfare Divisions Only)**
3. Produce a Central Files check against current or previous licensee status of the applicant in any county of the state.
4. **Day Care Applicants Only:** Live Scan Fingerprint Request is required for applicant, licensee, and/or program director. Refer to enclosed information regarding locations to conduct fingerprinting. The Licensing Record Clearance (OCAL-1326) must be taken with you at the time the FBI fingerprint is conducted. **Note: The TCN# will be filled in by the Fingerprint Specialist and must be inserted prior to submitting application to OCAL.**

The existence of a conviction record or a substantiated child abuse or neglect record does not necessarily disqualify an applicant for licensure. However, it does provide the Agency with information, which will be carefully evaluated by licensing staff.

A failure on the part of an applicant to provide OCAL with the information and authorization requested on this form may be sufficient cause to deny issuance of a license.

AUTHORITY:	Public Act 116 of 1973 as amended and Public Act 218 of 1979 as amended	Department of Human Services (DHS) will not discriminate against any individual or group because of race, sex, religion, age, national origin, color, height, weight, marital status, political beliefs or disability. Directory of
Independent and Local Qualified Fire Safety Inspectors
For
Child Day Care Centers

Importance of Fire Safety

Fire safety inspections are a necessary part of the licensing process. It is a means of assuring that the building used for a child care center is in compliance with essential fire safety requirements for licensure.

Procedures for Requesting Fire Safety Plan Reviews (new construction, additions, remodeling)

Architectural plan reviews will be provided by this bureau's child care section at no cost to the applicant or licensee. Please contact your licensing consultant regarding necessary information required on plans submitted. New construction, additions, and remodeling projects are inspected by State Inspectors working for the Bureau of Construction Codes & Fire Safety.

Procedures for Requesting Fire Safety Inspections (conversions, consultations)

Fire safety inspections for conversions, consultations and, if required, existing licensed child care centers are to be obtained by the applicant or licensee from one of the individuals on the below "Approved Independent Qualified Fire Inspectors" list.

However, if the proposed or licensed child care center is located within a city that has signed an agreement with the state to conduct fire safety inspections for licensure, within their jurisdiction only, one of their listed qualified fire inspectors may be contacted. These departments are identified below on a separate "Local Fire Prevention Authority" list.

Licensees are to arrange or contract with a qualified fire safety inspector, and, are responsible for any costs of obtaining the inspection. The Family Independence Agency will not accept a fire safety inspection report from any other authority, individual or organization that is not on the current applicable list.

If you have further questions regarding this program, please contact your licensing consultant.

Approved Independent Qualified Fire Inspectors
